

When rugged counts

The LEDCO Arbitrator CP Mount (AM.CP) is an ideal mounting solution for the Control Panel of your Panasonic Arbitrator. Designed for a multitude of mounting locations, it attaches directly to a LEDCO tunnel plate or console seamlessly, while also mounting easily to just about any surface either horizontal or vertical. The stem can be articulated to allow for ergonomic positioning of your device. Plus the unit comes with an additional adjustable head which can be adjusted for an ideal viewing angle.

- Designed to be mounted just about anywhere, including LEDCO tunnel plates or consoles
- Flexible stem can be bent in multiple directions
- Arbitrator can be removed and replaced easily from the mount with a quick-release feature
- A swivel ball joint on the head of the mount gives the Arbitrator even more positioning options up to a full 360° and 180 degrees of tilt

With a quick release feature the Arbitrator can be easily unattached from and replaced to the mount.

Arbitrator Control Panel Mount
